

March 12, 2018

Dear Property Owner/Resident:

RE: **Public Information Construction Meeting**  
**NW Beaver Drive Improvements Project – Phase 2**  
From Merle Hay Road to North City Limits

The City of Johnston is beginning the 2<sup>nd</sup> and final phase of construction of the NW Beaver Drive Improvements from Merle Hay Road to the North City Limits. Last fall, Grimes Asphalt & Paving Company of Des Moines completed the Beaver Drive Improvements from south of Theresa Drive to the North City Limits.

This spring, project activities include the mill and overlay the roadway, widening to provide shoulders, drainage improvements, utility adjustments and the continuation of the trail to Merle Hay Road.

Weather permitting, spring construction activities are scheduled to be completed by May 31, 2018.

As we move into this phase of construction, we would like to invite you to a project information meeting to be held on **Wednesday, March 21, 2018 from 6:30-7:30 PM in the Johnston City Hall Council Chambers**. The intent of this meeting is to provide property owners information with respect to the project construction activities. We will also answer your specific construction questions and provide an opportunity to meet the construction representatives from both the City of Johnston and Foth that will be your contacts for resolving construction related issues.

Amy Quartell with Foth Infrastructure is the project manager for this project. She may be reached by telephone at 515.251.2531, or by email at [amy.quartell@foth.com](mailto:amy.quartell@foth.com), and is also available to answer any questions you may have. Additionally, I can be contacted with any questions you may have. I may be reached by telephone at 515.278.0822, or by email at [mgreiner@cityofjohnston.com](mailto:mgreiner@cityofjohnston.com). Please visit [www.cityofjohnston.com/projects](http://www.cityofjohnston.com/projects) for frequently updated information on all city projects. Thank you for your cooperation.

Lastly, Nate Whipple will be the Resident Engineer for this project and on-site during construction activities. He was part of last fall's NW Beaver Drive Improvements team and will be available at the evening meeting. His email is [nathan.whipple@foth.com](mailto:nathan.whipple@foth.com) and his phone number is 515.346.7370. Nate will be the point-of-contact once construction begins. Please keep this information available to you.

Sincerely,  
City of Johnston

Matt Greiner  
Public Works Director
